Selvin November

Check out our cover art - when Selvin November was a child, he was fascinated by people. He also knew he wanted to be an artist. So it makes sense that he'd find an affinity with portraiture. Today, he describes his work as 'Afro-Pop'. It's inspired by human things like memory, community and identity. It also bursts with colours and textures, leaving us weak-kneed and open-mouthed. (Love you, Selvy.)
